INTRODUCING

TRIMMINGS

Chelsea Textiles is pleased to announce its collection of traditional trimmings.

Designed to work perfectly across the company's range of hand-loomed and hand-embroidered fabrics, the trimmings come in an array of styles and colourways.

Chelsea Textiles' trimmings are made in England using traditional techniques and carefully selected threads in their signature colours. The trimmings vary from the simpler, highly-versatile Ruches and Braids, to the more decorative Fan Edge and intricate Onion and Tassel Fringes.
